deformity and cleft  
lip and palate

6-7 July 2017

# Masterclass in the management of craniofacial deformity and cleft lip and palate

6 – 7 July 2017

The aim of this two-day course is to provide an overview of the management of complex craniofacial deformity. The course is aimed at trainees and consultants of both surgical (OMFS, plastic surgery, neurosurgery, ENT surgery) and dental specialties (orthodontics, paediatric dentistry, restorative dentistry). It would be ideal for those preparing for the exit fellowship of the Royal College of Surgeons.

## Educational aims and objectives

To provide an overview of the management of:

- Craniosynostosis
- Craniofacial microsomia
- Cleft lip and palate

## Course Convenor

Mr Daljit Gill

This masterclass will attract 12 hours of verifiable CPD.

Please return your completed application form to:
